(16.5"-20.0" Widths have a Maximum of 60" Tall)
(20.1"-25.75" Widths have a Maximum of 72" Tall)
- Minimum Width without Brake: 13.5" (Max of 48" Tall)
- Maximum Width: 72"
- Minimum Height: 10"
- Maximum Height: 92.25" (using the default BetterVue® fabric)

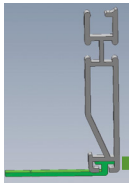

SCREEN CARE & USE: MEGA Retractable Screens provide insect protection and support fresh, natural ventilation in low-wind conditions. The wind speed that a retractable screen can withstand (e.g. before the edges of the screen fabric may push out of a guide rail), will depend on the width and height of the opening, the openness factor of the specific screen fabric, if the wind is steady or gusty and, other design factors of the model.

MEGA Retractable Screens are not appropriate for windy locations and, the screen should not remain continually open, be persistently exposed to wind, sun, rain, or other harsh conditions, or used to retain people, pets, or keep out larger creatures. Retract the screen when not being actively used and, use the screen only during low-wind conditions. Before retracting a Genius Retractable Screen, always check that the edges of the screen fabric are riding completely inside the tracks and guide rails. If necessary, use your fingers or a soft smooth instrument to position the edges of the fabric inside the guide rails before retracting the screen.

PART PROFILES

**WARNING**

Window Blind Cord Can STRANGLE Your Child.

Keep cords out of children's reach. Shorten cords to prevent reach.
Move crib and furniture away- Children can climb furniture to reach cords.

**ADVERTENCIA**

La cuerda de la persiana puede ESTRANGULAR a su niño.

Mantenga las cuerdas fuera del alcance de los niños. Acorte las cuerdas para evitar el alcance.
Mueva la cuna y los muebles - Los niños pueden subir los muebles para alcanzar las cuerdas.

**MISE EN GARDE**

Le cordon de store pour fenêtre peut étrangler votre enfant.

Gardez les cordons hors de portée des enfants. Raccourcissez les cordons pour empêcher l'accès. Éloignez le berceau et les meubles. Les enfants peuvent grimper sur les meubles pour atteindre les cordons.
